Do you know about "crime prevention lamps"?

Crime prevention lamps illuminate the streets in your area every night as a matter of course. Your community association takes care of the maintenance of these lamps. In addition, part of the installation cost and most of the maintenance fees are covered by the membership fees of the association. (Iwakuni City pays the electricity charge.)

Let's work together to help keep your neighborhood safe and secure!

*The cost of the crime prevention lamps management system and the electricity charge are paid using the adjustment subsidy for the improvement of areas surrounding specific defense facilities.
