How to Ride the Bus

STEP 1

Before the ride.

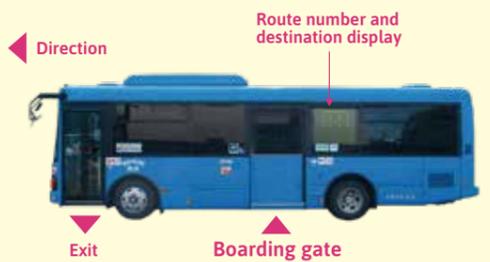

You can use cash(under 1,000yen) or IC cards. New bills can't be used. Ask the driver to change them. Please wait in line at the bus stop.

STEP 2

Take a bus.

The route number and destination are displayed on the front and side of the bus. Board through the rear door and take a Numbered ticket. This ticket is required to confirm your fare and to get off the bus. If you are paying by IC card, place your card on the card reader at the boarding door without taking a numbered ticket.

STEP 3

Inside the bus.

For your safety, please be seated after boarding. If a seat is not available, hold onto a strap or handrail. The name of the bus stop will be shown on the fare display at the front of the bus. As you approach the bus stop where you want to get off, press the Stop request button. If no request is made, the bus will pass the bus stop.

STEP 4

Pay the fare and get off.

Look at the fare display and prepare the exact amount of cash that shows the fare under the ticket number. No change will be given at time of payment, so please break your money in advance and place the exact fare and the numbered ticket in the Fare and ticket slot.

*For your safety, please change money when the bus is not moving.
*The change machine only accepts 1,000 yen bills and coins, IC card users must hold their card over the card reader at the exit.
